Chamber Banquet At Country Club A Big Success

Phil O'Connell Speaks on Americanism, Showing our National Leadership

The first round up rally and gathering held under the auspices of the Belle Glade Chamber of Commerce at the Country Club, on Friday night, proved to be a most pleasing affair in all its phases. The attendance was a bit disappointing, but some 60 guests seated themselves around the tables, having filled their plates with the delicious viands which Mr. and Mrs. Phil and Ruth Mills, had deliciously prepared for the banquet, which was served cafeteria style, and there were no barriers against second helpings.

The menu read as follows: Porcupine Meat balls from Prime Everglades beef and rice. Beans, provided by W. H. Vann of Pahokee. Potatoes, American Fruit Growers and Pioneer Growers. Celery, Wedgworth's of Delray.

Radishes, Harold Rabin and Bill Graber. Lettuce, Price and Murphy. Escarole, Kruse Brothers. Oranges, rice and sugar, state price farm products.

The tables were artistically decorated with formations of lettuce, escarole, radishes and grapefruit, and some floral bouquets.

At the speaker's table was Master of Ceremonies, Tom Watson, Jr., Phil O'Connell, guest speaker; Tom Watson, executive general; Carl Anthony, president of the West Palm Beach Chamber of Commerce; Julius Harris, Mayor of Belle Glade, and President Henry O. Eavwood, of the Belle Glade Chamber of Commerce.

Elks Observe Lodge Of Sorrow For Wm. J. Buck

Belle Glade Lodge of Elks, at Monday night, conducted a Lodge of Sorrow ceremony in honor of its first Chaplain, Dr. William J. Buck, with Past Exalted Ruler, A. E. Kirkman presiding. In a beautiful eulogy tribute Walter Hooker feeling spoke of the life of the deceased, who for ten years had been active in the various functions and activities of the Glades area. This service touched the heart of every member of the order, especially when the chiming tolled the eleven strokes, well known in meaning to all Elks.

On Thursday night of this week, a large number of local Elks attended the big going away party at the home of the President of the Florida Elks lodge was the honored guest speaker. Arrangements for an all being made for a delegation to attend Fort Pierce lodge on the night of February 1, at which time Supreme Court Judge Aldo Adams is to the honored guest.

The January class initiation was observed when John Houser, Charles Goodlett and Leland Pierce formed the trio of candidates who received and completed the obligation of the order. The staff presented the exemplification in a commendable and much more than a routine manner. Frank O'Connell, vice-president of the Florida Elks Association, gave a powerful address in speaking to the candidates. He is always a welcome guest in any Elks lodge.

Preliminary work has been completed for the organization of a new Elks lodge at Delray, and a charter will soon be issued by the National headquarters. The new lodge will be named after the late Dr. William J. Buck.

Mrs. Ethel R. McCormick, who has made her home with her mother Mrs. Lillian Reese, died at the Belle Glade Hospital, Saturday morning, after a short illness.

The deceased is survived by two sisters, Mrs. Clara Morrison, of Arkansas, and Mrs. M. W. Anderson, of St. Louis. Her funeral services were held at the Fort Mayaca cemetery, Saturday, by Rev. C. T. Hovess.

BELLE GLADE SCHOOL SAFETY PATROL

Front row, left to right: Joe Leavitt, Lavon Bass, Ralph Prescott, John Scott, Elbert Crews, Mac Lynn, Sgt. Bill Aspey, Lt. Henry Fears, Capt. Adriaan, Barry Desenz, Sammie Burns. Back row, left to right: Ray Prescott, Elan Alford, John Schlechter, Lamar Hunt, J. T. Lamb, John Price, Jim Reaser, Ronnie Cameron, Bobby Hooker, Bobby Kent, Kenneth Kirkman, Ronald Jones, and Charles Tyson.

The Belle Glade School Safety Patrol members to visit Washington. The patrol members are composed of 16 members, today there are 28 boys in the group, and they amazed their parents and friends recently by their knowledge of traffic and safety rules when they appeared in a quiet before a Parent Teacher Association meeting.

The Boys who show the most aptitude and proficiency in this very popular type of police work, will be given special attention and instruction in advanced class work.

At the annual stockholders meeting of the Everglades Savings and Loan Company, on Wednesday, the same officers which have been serving for some years past, were re-elected, namely, President, C. E. Riedel; vice-presidents, A. E. Kirkman and Walter Hooker; secretary and treasurer, Hugh J. Bratley.

It was with much pleasure and elation that Mr. Bratley presented his annual report, owing to the great achievements of the past six months and year, that savings had been upped \$481,608.27, a 30 percent increase; that the average deposits for the past six months had been in excess of \$4,000 and with drawings of \$40,000; that earnings had been \$34,918; and operating expenses a bit over \$20,000; and \$41,314.64 had been distributed on dividends. Mortgage refinancing amounted to \$157.

Women's Club Aspects Day Nursery Project

An interesting program was presented before the Women's Club meeting Wednesday afternoon when Mrs. William Thibault introduced Clyde Trammell, West Palm Beach attorney, who spoke on "Citizenship." Dr. W. T. Forsee sang Kipling's "Recessional" accompanied on the piano by Mrs. Z. T. Ingram, and Mrs. I. E. Enlow gave a religious reading on David.

During the business session Mrs. L. L. Price gave a report on the hospital investigation conducted by Mrs. H. O. Eavwood reported on the nursery board committee. She introduced Miss Hazel Trimble, R.N. of Osceola Camp who stated the needs of the nursery, and the Club voted to adopt this project for the year.

Hostesses were Mrs. E. M. VanLandingham, Mrs. H. V. Dray, Mrs. Harold Rabin, Mrs. Ingram, and Miss Alma Murphy.

U.N.E.S.C.O. Is Topic Of Watkins Speech

Mr. Howell Watkins, county superintendent of public instruction, was the guest speaker at a joint meeting of the palm Beach County chapter of the Association for Childhood Education and the Palm Beach County Classroom Teachers Association on Saturday afternoon.

In his talk outlining the history and policies of UNESCO, Watkins pointed out the importance of schools in working for world peace.

Newest Chevrolet Model On Display Coming Saturday

Latest Engineering Enter Into Construction of These Beautiful Designed Cars

A product of three years' development work and more than a million miles of engineering research, the 1949 Chevrolet goes on display in dealer showrooms here Saturday.

The latest model has been completely redesigned. It is lower, wider and more distinctive than any previous series. Not only does the design introduce superior beauty to the Chevrolet body and chassis improvements, promise to add to Chevrolet's reputation for comfort, safety and convenience.

Two series of cars, the Fleetline and Skyline, and included with DeLuxe treatment an option in most body types. DeLuxe cars lay increased emphasis on the curvature of the roof meets the rear deck at the body belt line.

Stylings—Two and four-door sedans, sport coupe, three passenger business coupe, convertible, wood and all-steel station wagons. Skyline sedans carry the "notch back" design of the rear deck at the body belt line.

At this styling and performance, the 1949 series continues the "big car" aspects that have always been traditional with Chevrolet. The rugged six-cylinder, valve-in-head engine remains fundamentally the same, but refinements will increase appreciably the car's handling ease and overall satisfaction.

The first impression of the new cars is one of smart styling, structural strength and general refinement.

Building Spurt Takes Place During Week

Building projects the past week took on a miniature spurt as permits were issued from the Building Inspector's office, which aggregated in excess of \$15,000. Permits taken out this week were: City of Belle Glade, Paradise park buildings, \$4200; Carl Collins, remodeling, \$2500; Ramey, remodeling, \$1000; A. J. Richmond, remodeling and addition to his property on south East First St., \$2500; H. E. Ross, new home at 548 S. W. Second Street, \$2500; O. K. Jones, repairs, \$500.

Frank Currier, formerly of this City, and brother of the late Lou Currier, is the father of six pound ten cent daughter, born December 8th, at Southwestern General Hospital in El Paso, Texas. She has been named Mary Frances.

Mrs. Currier is the former Mrs. Pauline Jones of Saltville, Va. and is now making their home in El Paso.

COMMITTEE ASKS COOPERATION AND HELP FOR HOSPITAL

Local members of the Hospital Board asked five civic clubs to appoint a representative to meet with the Board and consider the operation of the Institution.

This Committee met with the Board and the Administrative Officer as requested in the invitation and comes forth with the following resolution which is being submitted to their respective organizations this week. The request contained in the latter part of the next-to-last paragraph about local interest in the Hospital, if practiced heretofore, in all likelihood would have prevented any disturbance about the hospital, and will certainly strengthen the likelihood of future satisfactory operation.

WHEREAS this Committee has been requested to conduct an objective investigation of the operation of the Belle Glade Hospital and to report to the citizens of this community its findings, and

WHEREAS this Committee has met this night with the Hospital Board and Mr. Ernest H. Fiedler, Hospital Superintendent, examined hospital records, the 1949 Chevrolet, and made certain inquiries concerning both general and personal complaints made either publicly or privately.

Jack O. Johnson To Address Masons On Tuesday Night

Worshipful Master L. E. Will, of Belle Glade Lodge, No. 273, F. and M. S., states that a regular communication on the coming Tuesday night, Judge Jack O. Johnson, will make an address on a Masonic subject. Examination will also be on the program.

Given Judgment on a Default Bond Suit

In Circuit court in West Palm Beach, Monday, Judge Joseph White gave an order of default judgment against the estate of Wedgworth, of Belle Glade, against the Highlands Glades Drainage District, for \$500,000.

The 23 hurricane carried Doc Buck quickly to the top of the heap of heirs thru his assumption of the estate of his father, a man in a community bewildered thru thousands of drowning and complete destruction of homes and living facilities.

Just preceding the hurricane the new Doctor had organized an American Legion Post—Everglades, No. 29, and held by the Wedgworth estate.

Lake Okechobee Fishing Quarrel Breaks Out Again

After a nine month period of peace, feeling has again broken out between the State Game and Fish Water Commission and the six special commercial fishing crews, which have been working on the year's survey of fishing and fish, life in big Lake Okechobee. As a result the permits of five of the crews have been suspended, and one other likely to be treated in the same manner.

This work was being conducted on the plan that the Commercial fisherman could maintain all fish netted by the crews, except game fish; which could be sold to aid with their pay. On the other hand the state was permitted to keep any game fish as they needed for their experiments and for propagation purposes. Without notice, according to the Commission, the fisherman struck, and objected to any game fish being kept by the state observers.

For any reason, so long as they themselves were not permitted to take and possess such game fish.

The only explanation made by the Commercial men was that they did not dare continue on the program, for fear of having their equipment damaged and burned by others who were not permitted to fish.

A hearing between the fighting factions was held in Okechobee on Wednesday, to attempt to iron out the present situation, so that the survey might be completed.

The Game Commission met in Tallahassee this week, for reorganization purposes, and Louis G. Morris, of Monticello, was elected as chairman, succeeded by J. W. Corbett, of Ft. Pierce. This is the second time during his membership on the board that Morris has acted as chairman. The Board of Kinistina, the only Warner Amendment on the Commission, took part as a member of the body.

Dr. W. J. Buck Taken Suddenly By Heart Attack

Outstanding Pioneer, Soldier Doctor, And Community Worker

(By Luther Jones)

All general communities have produced outstanding characters but Belle Glade has had as a First Citizen for twenty years one not easily recalled in "Firsts"—Dr. William J. Buck, soldier, Doctor of Medicine, Doctor of Human Relations, administrator, executive, community worker and Friend of Man.

Doc passed away sitting in his car Thursday night while his wife was making the family adieu and thanks for an enjoyable dinner with friends.

In the spring of '28 Doctor William J. Buck moved to the Glades to practice, having come from West Palm Beach where he had practiced for a while after several years in the State Department of Health. Nature and the vicissitudes of pioneering early tried Doc's staying qualities for there were no paved roads except "cut" and "in"—none "around"—and folks got sick without recourse to night or day, and most lived in "hard-to-get-to" places. Not many had more than a few intentions with which to pay, but none were turned down.

Beginning as the FIRST Doctor around the southeast end of the Lake, Doc Buck's FIRSTS followed naturally and continuously in a community demanding and expecting of one to maintain "firsts".

Just naturally, Doc's "firsts" came to him thru willingness to accept responsibility and executive and administrative ability deeply rutted with humane consideration.

The 23 hurricane carried Doc Buck quickly to the top of the heap of heirs thru his assumption of the estate of his father, a man in a community bewildered thru thousands of drowning and complete destruction of homes and living facilities.

Just preceding the hurricane the new Doctor had organized an American Legion Post—Everglades, No. 29, and held by the Wedgworth estate.

Inauguration Of Dial System For 1670 Phones In The Glades

From a start of 30 phones scattered throughout the Glades in 1930, and the installation of 164 in '21, a million original and lots more rebuilding after hurricanes and floods. To get this additional spending and to assure the maintenance of continuous 100 additional.

When asked the total amount spent for facilities, an official said "Lord knows—at least \$100,000 a million original and lots more rebuilding after hurricanes and floods". To get this additional spending and to assure the maintenance of continuous 100 additional.

Action Urged On State Funds For Flood Control

Widely Attended Meeting of RDB Committee Here

Senator John Beacham, Representatives Elliott and Bollinger, Sick Kirkman, President and Ralph Blank, Mr. respectively of the RDB, led approximately 50 persons to a meeting of the Flood Control Committee of RDB, Tuesday night, at the City Hall.

The discussions were centered around the proposed activity of the coming legislature in providing funds for participation by the State in the initial step of the \$200,000,000 program for Florida.

This initial step anticipates about \$200,000,000 of which the State is pledged to furnish about \$30,000,000 and anticipates diverting flood waters originating north and west of the Glades, but there is a substantial lack of funds for creating the conservation or storage areas to the east and south of the Glades.

It was pointed out by Luther Jones, Chairman of the Senate and House, that reports from Washington assure that the Federal government will provide its share of the money as fast as the Engineers can use it and it only remains for "local interests"—the State of Florida—to make a available its share.

The County legislative delegation reported on its progress in rounding up members of the Senate and House and activities of the incumbent administration in Tallahassee. Everybody is "in" the plan, it seems, but there is a lot of work to be done within the State to make this truly an all Florida plan.

Chairman Stacey Rogers of the Everglades District and his fellow commissioner, Daniela, K. Lewis, contributing information and discussions towards a favorable consummation of the plan.

Lamar Johnson gave briefly the outline of the progress of the plan to date, with Turner Wallis, R. Y. Patterson, Marshall DeWitt, Delray, and R. K. Lewis contributing information and discussions towards a favorable consummation of the plan.

Ph. V. (Bob) Creech brought up the question of the Governor and associates' trip to Washington today. Ask the President for a greater share in federal contribution. He lauded the idea but discouraged the idea of the local representatives in pledging an equitable share. He referred to the survey made by the "loan" of \$120,000 made jointly by the I. Board, EDD Board and

OBSERVATION and Comment By John M. Gledhill

No person who has resided in Belle Glade as long as did Dr. William J. Buck, administering to the ill and woe of common humanity in a medical and surgical manner, could fail to make a deep impression upon the citizenship and the city in which he resided. Genuine regret was present in the heart of the Glades area, when the news came on last Friday morning, that the great and noble and likeable doctor had succumbed to a sudden heart attack while seated in his parked automobile.

For many years he was the medical and health man of the Belle Glade area, and thousands have received his skillful and competent service as a physician and surgeon. Health was his hobby and as a trained medical man he promoted public sentiment and helped to make things clean, sanitary and healthy for the citizenship. His attitude on the police situation was vigorous and outspoken and his "insistence" that we have "dusting" so double and many people from being stricken with this most obnoxious disease. As the city's health officer or adviser he was present in the best

A SOUTHERN DAIRIES WORTHY PROJECT.
 (By Edgar Pennington Young)
 We live in a time when the tendency is to bite the hand that feeds us.

The political philosophy of the hour is to belittle and belvedere vested interests.

It has become almost popular to look with scorn upon the Employer.

In such an hour it is my privilege to call attention to a most worthy project now under way by Southern Dairies, and under the personal direction of the able Regional Manager, J. O. Bowen.

Southern Dairies has become a Benefactor.

Over in Western Florida there is a Town called Marianna. The Farmers in this vicinity devote themselves largely to Peanuts and Hogs. They do little else and receive a very poor price for what little milk they produce.

Along come Southern Dairies, represented by Mr. Bowen, with an educational campaign through and by which the eyes of the Farmers were opened.

These Farmers were shown that if they would operate small dairies, with an average herd of about 15 cows, that it would be easily possible to market their crops through Milk and grow their own feed.

When the Educational campaign had proved successful, the Chamber of Commerce and Southern Dairies proceeded with the construction of a Creamery to take all the milk the Farmers produce and then be marketed by Southern Dairies.

By this time the Farmers had become so enthusiastic the Chamber of Commerce readily agreed, at the very first meeting, to advance the required amount for the immediate construction of the building.

The Creamery will have its official opening January 30, 1949, at which time all business houses will be closed so that the Farmers and the Town Folks can lunch together at the Creamery.

By this time the Farmers had become so enthusiastic the Chamber of Commerce readily agreed, at the very first meeting, to advance the required amount for the immediate construction of the building.

When the Educational campaign had proved successful, the Chamber of Commerce and Southern Dairies proceeded with the construction of a Creamery to take all the milk the Farmers produce and then be marketed by Southern Dairies.

locate Thomas, but he escaped. Sunday Thomas was seen in Belle Glade. Four volunteer "spotters" from Pahokee came down to see if they could locate him. Early Tuesday morning Thomas was "jumped", and hid himself under a house. The City police from Pahokee and Belle Glade, Constables Whitlock and Mock, and deputy sheriff Gross finally brought the fugitive into custody.

The prisoner was first taken to the city jail, but later under guard to the Pahokee hospital, for treatment for two bad gun wounds in his legs, sustained while he was escaping from the Pahokee police. Thomas will be removed to the county jail as soon as his wounds are healed.

Harry Hurst and "Crabman" Sholtz, colored men, got themselves into trouble when they took cereale from the Davidson son and Padgett farm and sold it for \$75.00. Hurst worked for Padgett and told Sholtz the cereale belonged to the Davidsons. He would give him half the profit if he sold it, half the profit. Adjustment was made between the parties and no prosecution was pressed.

On Thursday morning, Thomas suddenly died. As his wounds were not considered of a fatal nature, law officials will hold an autopsy to determine if he died of cause of his unexpected death.

Nevelist Offers Free Land for Farming Purposes

Reck, the noted novelist, who resides at Sebring, has announced that he will give some 1500 acres of virgin land which he recently purchased in the Indian River section, free rent, free, such applicants who want to try their hand at the vegetable production or other type of farming.

PRICE JUMP
 (Continued From Page 1)
 support program of the Federal Department of Agriculture. In indications are that the spring crop of potatoes in Palm Beach County will not exceed a thousand and acres. Changes may lead to this estimated acreage being increased.

The State Chamber of Commerce of Florida and Georgia have entered into a reciprocal agreement for the handling of farm and grocery products during the 1949 season.

Georgia will plug for Florida produce in its market and Florida will do likewise for Georgia products. Both organizations are also planning for a program similar to the one being promoted by the Belle Glade Chamber of Commerce, to get local grown products better known within state marketing regions, with better advertising of same. Already a number of the big chain stores have shown a willingness to assist in such a promotional program.

St. Louis, Indian River and Martin county towns grower report that their seed beds are coming on fine for the spring crop, and that the weather will soon be in progress, with an increased acreage over the late fall season.

The citrus situation in Florida is brighter, partly due to the Texas and California freezes. All grades of fruit took an encouraging jump in price and demand in the northern states. The Florida Mutual Citrus Association objectives look a most bright after the past ten years, and it looks as if state control measures will soon be in force.

Officers for 1949 Co-Operative Choses
 The Board of Directors of the Belle Glade Farmers Co-Op held their annual directors' meeting Tuesday, January 13.

DR. WILLIAM J. BUCK

Continued from page 1

his first Commander. This Legion Post with its Commander did those things necessary, with flood and shelter for the immediate demands. Burying of the dead and continuing to live became a problem with all the outside world trying to help. Dr. Buck's first was added to—he was the first Chairman of the Community Red Cross Committee which policed, clothed and rehabilitated the Community. National recognition came to him for an outstanding job.

Doctor Buck was a member of the first Town Council. Doctor Buck was first in effort to secure the paving from curb to curb of Main Street, instead of the twelve foot strip planned.

In the early Thirties, and in the absence of organized Sunday Schools in the Community, Dr. Buck organized the First Community Sunday School, and was its President. Outstanding laymen and churchmen were brought to the Glades each Sunday morning and a hundred in attendance was not unusual in the picture-show auditorium.

When Rotary was offered to Belle Glade, Doctor Buck was one of the organizers and its first President, and has continued actively in that Club.

Dr. Buck has continued to be first in the minds of proponents of community projects. A thing in which Dr. Buck received many satisfactions, he believes, is the fact that those in need, medical or worldly, white or black, rich or poor, were referred to his bedside or meal time, or rest time, called on the phone or went to his home and said, "Doc I need you." No one was ever turned down, though delinquent charges of years standing might blaze the memory of the applicant. Doc kept very few books, and only in recent years has his nurse or office assistant had his permission to send out bills.

Colonel Buck, Medical Corps U. S. Army, commanded a 2,000 bed hospital in France and was commended by General Pershing personally following an official and formal inspection for professional and administrative excellence. General Pershing's commendations were always printed because they were never lightly given. This experience followed service in the Medical Corps on the border or in the World War I.

Dr. Buck was the current Chief of Staff of the Belle Glade Hospital. He had served in the same capacity with the Pahokee Hospital.

In Legion circles, Dr. Buck served as District Commander for the area Vero Beach-Key West and as Chairman of several State Committees.

The Glades is most favored and known through-out statewide Medical, Rotary and Legion circles as the home of Doctor William J. Buck.

A Shriner, an Elk, a Rotarian, a Legionnaire, a Country

Doctor, A Red Cross Leader and Friend of Man—William J. Buck, an Iowa boy by birth, a Floridian by desire, leaves behind legends who mourn his passing and condemn his future in faith to A. Benovolent and Considerate Power who never fails to reward.

Graveside services were conducted in the Methodist Church by Father A. J. Lively of Pahokee, and the Military service was conducted at the church by Chaplain A. J. Lively, U. S. Army.

Graveside services were jointly conducted by Father Lively and Chaplain J. C. Priddy of the West Palm Beach Legion Post, and the Guard of Honor of the Belle Glade Post rendering salutes and firing.

Mrs. Dorothy Ingram, organist and Dr. Thomas Force, vocalist rendered Tenyson's "Crossing the Bar" and Mrs. Ingram furnished appropriate music for the services.

All Past Commanders of the local Post participated in the Services except W. L. Cunningham who is in a hospital in Tampa. Lawrence Will and N. B. Willis, past commanders were color bearers. The remaining ten past commanders were honorary pall bearers.

Honorary pall bearers were Joe Friedheim, W. C. Allen, B. Y. Creech, Arthur Wells, George P. Farnall, Tom Bregger, Luther Jones, H. E. Jones, Frank Morris and Ralph Freeman.

Active pall bearers were Melvin W. Young, John Hooker, Emmett Roberts, Randall Dickinson, W. A. Wooten, and J. T. Harris.

Surviving Dr. Buck is the widow Sue Florence Buck, daughter Mary Parrish of Gainesville and son Sergeant William C. Buck, U. S. Army. The Methodist church was filled to overflowing with participants in the services.

Members of the medical profession, the hospital staff, and friends.

Floral pieces were banked around the restrum and lined the walls around the church; they were of many special designs made of practically every flower growing in garden or under glass at this time of year.

Among the many paying tribute at the graveside alone were Dr. Chancellor of Vero Beach who served with Dr. Buck on the border and in France.

Bill Brown Abroad

William D. Brown, better known to his South Bay and Belle Glade friends as Bill is now stationed in the Panama Canal Zone. He left school here in his junior year, joining the Navy in Maryland, in September, and received his training at the Great Lakes Naval Training Base.

DIAL PHONES

Continued from page 1
service during storms cables and in the Glades have been under ground.

There are 18 two-way scope cables between Pahokee and Belle Glade and the cables for West Palm Beach have been increased.

The system will be switched over at midnight Saturday with Mayor Julius Harris calling Chamber President Henry D. Carwood.

Miss Lorella Thomas, chosen by her fellow students at the High School will pull the switch for the change over.

If you have scope service you will dial 8 and then dial your number in Pahokee; for long distance or repair service 0 will be dialed.

Presently Belle Glade has 986 phones and Pahokee-Canal Point has 684.

Manager Jackson for the Lake area is thoroughly familiar with conditions and the progress of this company's service here as he was in the area in the early twenties when the first phones were installed.

How many communities in U. S. can boast of an increase of 55 times in phone installation in 19 years?

ACTION URGED

(Continued from page 1)
the three counties for engineering work as an indication of our willingness to participate.

Emphasis on an "All-Florida" approach to the problem was made by John Bollinger.

It was agreed that the 1-2-2 members from all the legislative bodies will be about for the amount of work necessary, and that every one would grant, grant and push.

Resolutions on "hockey boys" was played by the Committee and added to the Citizens Committee and the newly installed EUD Board.

Johnny Benham is chairman of the committee to provide a method of securing the money, and B. Elliott is a member of the executive committee of the Citizens Committee appointed jointly by the retiring and incumbent governors.

Pahokee Hospital

Belle Glade Friends Above Par Value

The City Commission of Pahokee, last week, received bids for the \$160,000 of hospital bonds, which were sold to Sullivan, Nelson and Goss, and the Emerson Cook company, of West Palm Beach, at a bid of 1.01 and four percent interest.

As soon as Architect Manly King of West Palm Beach completes plans for the hospital, the Commission, will ask for

bids on construction and equipment. The site selected for the new hospital will be located a mile out of the city center on the Canal Point road.

Items of Interest

From City Departments

City Park Commissioner and Mayor Julius Harris announces that three recreational slides have been purchased for the entertainment of the youth at Paradise park; and that contractors have been let for slide house and shuffle board courts.

The new dial phone number for the City Police Department will be No. 400. Business in police court is on the upward trend, and fine and forfeiture are around \$400 over the same period of the previous year.

Approximately 40 dogs have been impounded; 13 were reclaimed and 27 disposed of in the gas chamber; 15 more are in the pound at present that will be advertised for sale. Your Building Inspector wants all commercial building and rooming house operators to pay particular attention to electrical wiring, as there was a fire last week caused directly by improper wiring. Building Permits for the week are as follows:

Rader Properties, Maintenance and Repairs, \$2,000.00; Bryant McClelland, \$800.00; and Standard Oil Company (Kentucky) Filling Station, \$2,000.00. There were 3 plumbing Permits covering 23 fixtures and 3 Electrical Permits issued also.

COMMITTEE ASKS

(Continued from Page 1)
privately and has determined the attitude and policies of Mr. Fiedler and of the Board, and WHEREAS it is the unanimous opinion of the Board that the Federal Maternal and Child Health Program should be and will be retained at The Belle Glade Hospital with certain practical changes in the operating contract—The Board requests that any time the discontinuance of said program—

WHEREAS Mr. Fiedler assumed responsibility for the operation of the Belle Glade Hospital in June, 1948, with the total county appropriation for the entire 12 months already expended, accomplishing the difficult task of completing the year's operation without further tax aid, and

WHEREAS the Belle Glade Hospital is operating currently with a full and adequate staff of nurses and hospital personnel, and is adequately stocked with drugs and equipment to meet any anticipated demand and is restocking items out of funds now available from the county appropriation for 1949, and

WHEREAS a vital phase of general welfare of this community depends upon the efficient operation of the Belle Glade Hospital and upon understanding co-operation from the citizens of this community.

BE IT THEREFORE RESOLVED that Hospital Superintendent Ernest H. Fiedler and the members of the Belle Glade

Hospital Board, well known to all of you, be heartily commended by this committee for performing conscientiously and well and at little recompense the duties assigned them. Be it further resolved by this committee that the citizens of this community, the Churches and the Civic Clubs, are urged to seek closer and more helpful relations with The Hospital, and specifically to organize visiting, educational and other programs designed to aid and promote the vital work of this institution.

HAVING AGREED unanimously upon these findings and having complete confidence in the integrity and ability of The Hospital Board, this committee does now declare itself dissolved.

WILLYS-OVERLAND'S 4 GREAT LINES OF WORK VEHICLES

... Have made Willys-Overland one of the 5 Largest Producers of Commercial Vehicles

2- AND 4-WHEEL-DRIVE
PLATFORM-STAKE TRUCK

2- AND 4-WHEEL-DRIVE
PICKUP TRUCK

4-WHEEL-DRIVE
UNIVERSAL "JEEP"

4-WHEEL-DRIVE "JEEP" TRUCKS answer truck buyers' need for a medium-duty truck with the all-wheel traction necessary for off-road duty, for steep grades and for hauling in mud, sand and snow. This 5300-lb. GVW truck, first in its class with 4-wheel-drive, is one of America's most wanted trucks.

2-WHEEL-DRIVE "JEEP" TRUCKS, designed for low weight and powered by the "Jeep" Engine, save money on every operating expense—fuel, tires, upkeep and maintenance. Pick-up and platform-stake bodies—4700-5300 lbs. GVW.

THE UNIVERSAL "JEEP" is America's most versatile vehicle for industry and farms, serving as tractor, mobile power unit and for tough hauling and towing jobs. This sturdy, 4-wheel-drive work-horse has proved its usefulness on an endless variety of jobs throughout the world.

THE "JEEP" PANEL DELIVERY offers retailers a smart truck of normal load capacity—outstanding in its field for low weight, top operating economy, short turning radius, ease of parking and sturdy construction for long service.

Navy Day Memorial in the Pacific

Officers and men of an American submarine stand solemnly on the bridge of the coming tower as a chaplain casts a memorial wreath upon the waters of the Pacific at the conclusion of a Navy Day memorial ceremony for the men who lost their lives at sea during World War II. The submarine then proceeded further out to sea where the flowers shown packing her forward deck were strewn upon the ocean.

Flower Chosen
Former Buried
At Port Mayaca

Malcomb Gibbs, Sr., who was born in Alamo, Montgomery county, Ga., 77 years ago, and for some months has been ill with cancer, died in Miami, on Monday, and graveside funeral services were held at the Port Mayaca cemetery, Tuesday afternoon, conducted by Rev. J. E. Enlow of the Belle Glade Baptist Church.

Mr. Gibbs came to the Everglades in 1931 and was engaged in farming and owned a small place near the city rock pit at Chosen, where he had resided for many years.

Seeking Writer of
Threatening Note
To Local Grocerman

Who wrote a sassy and threatening note to Vance Broome, a local grocerman, because he would not sell groceries on credit is the question which Judge Johnson is trying to establish in a case which Willie Mae Smith, colored, is named as defendant.

Broome claims that the Smith women, using an aged darkey by the name of Tom Allen, as messenger, sent him down to get an order of groceries, and after he had refused to comply, that "Uncle Tom" reported back to the woman, that she sent him back the note.

Tom says the woman wrote and gave him the note, also he did not see her write it. Willie Mae strongly denies writing the note, claiming that she can't write, so did not pen the vitriolic message. She must sustain her claim in court on this Friday night.

service is now in the operating charge of Cecil Blair, Carl Williams and Chas. Kapp, city firemen, who are doing a good job of the duties. Bob Blair now awarding constable time on other department work of the outside, and finding plenty of changes for safety measures to be made.

Picks up a Mammoth Turtle
While driving in from Six Mile bend, Tuesday, "Slim" DeLones found a mammoth turtle basking in the sun along the highway. He picked up the reptile and brought it to town and when weighed, it scaled the beam at 35 pounds.

Authorities Make Rule
Changes for Playing
High School Football

Five major football rule changes were adopted in the final session of the Football Committee of the National Federation of High School Associations.

They were:
1—During a backward pass or fumble there will be no automatic loss of the ball if a foul is called.

2—If an ineligible receiver catches a pass behind or in the line of scrimmage there will be a five yard penalty. If he is hit by the ball but does not catch it there is no penalty. Previously, there was a 15 yard penalty for either situation.

3—A kickoff going out of bounds no longer will be recalled. Instead the ball will be awarded the defending team (A) where it goes out of bounds or (B) 10 yards behind the restraining line, whichever is more advantageous. In most cases this would give the defending team the ball on its own 40 yard line.

4—On a running play, the distance gained will be permitted prior to the calling of a foul. The penalty would be measured from where the ball is declared dead.

5—If a foul is committed during a play, the return kick normally will be measured from the point where the return kick was made, not from the point of the original kick.

CHAMBER BANQUET
(Continued from page 1)

Tom Watson proved himself no slouch in the position of MC and he told several of his favorite stories, and handed some of the handed wallops to some of the guests.

Whenever Phil O'Connell faces an assemblage such as was present at the C of C party, they can expect something rich and racy, as well as items good for solemn thought. Phil was in prime condition and for 15 minutes he kept all in a round of hilariousness with his stories and other foolmery.

cited the advance in real estate projects, the leveling off in stocks, the increase in wages and the lowering of living costs, so that one's income dollar would be more valuable in the purchasing market.

He asserted from statistics that the States had 45 million married couples, that one-half of the children were born to women under 23 years of age and that 95 percent of the children born live to work.

That in the financial line there were far less business failures; that 49 percent of the farms were personally owned, that people owned more homes than ever, and that the population had advanced 22.7 percent till we now had 149,000,000 enumeration.

He cited that every successful community must have good homes, good business houses, good church and schools, and a working understanding, and spirit to progress.

Highlands Game Warden
Kills Farmer over
Game Violation Charge

Game Warden W. P. Cooper, of Sebring, on Sunday gave himself up to law officers, claiming that he had shot and killed Ralph Ford, prominent citizen of Arcadia, but beyond that statement gave no further particulars.

Cooper had filed a game violation against Ford in the Glades county courts which was soon to have been tried. The bitterness between the two men grew out of this episode.

Cooper's case will be presented to the Highlands county grand jury for investigation and finding.

Assembly of God
Tent Meetings
To Be Resumed

Rev. Paul Baughman, who has charge of the local activities of the Assembly of God, has now staked his tent on the Toomerville road, where regular congregational services will be resumed on the coming Sunday.

Services will be held Sunday evenings at 7:30, and Wednesday and Friday evening at 7:30 P.M.

Caldwell Becomes
New Bank President

Attorney Millard Caldwell, who retired from the position of Governor of Florida, is to be the president of the new Tallahassee State Bank, which will open for business later in the summer, with a capital stock of \$250,000.

Owen Godwin Is
Operating Cafe
In Kissimmee

Owen Godwin who made his residence in Belle Glade for near three years, and now is located at Kissimmee is operating a lunch stand in that city, with Mrs. Godwin in charge. Godwin is still working

on his new trailer camp and museum which he is building north of Kissimmee which will be ready for use by next falls tourist season.

John Luther Roach
Mattress Maker Dies
After Long Illness

Mr. John Luther Roach of Belle Glade, passed away Saturday night, at the age of 69. He had been in failing health for the past several months.

Mr. Roach came to Belle Glade ten years ago from Metter, Georgia. During his life he had been a mattress maker but had done only a nominal amount of such work here due to his health.

He is survived by his wife, Mrs. J. L. Roach; two daughters, Mrs. Lovie Cole, Atlanta, Ga., and Mrs. Edna Carey, Royston, Ga.; two sons, Lloyd Roach of Belle Glade and Quinton Roach, Baltimore, Md.; and two sisters, Mrs. Dallas Bell, and Mrs. Euter Phillips of Royston, Ga.

The Berry Funeral Home had charge of the funeral and burial services.

Farm Machinery Theft

Perpetrators Arrested

Deputy Sheriffs Frank O'Connell and Gibbs Cross working on a farm equipment theft case, on last Friday, picked up the men they wanted for the pilfering, in Rudolph Williams of Miami and Bernal Rogers. The equipment in question was stolen from the E. B. Elliott Ramble farm and disposed of in Miami, where a portion of it was recovered in a sales yard there. Williams was picked up in Miami and both men, are now in the Palm Beach county jail awaiting trial on information filed against the men.

Important Sanitary
Case Aired in Police
Court Friday Night

One of the most important cases that has come up for hearing before Municipal Judge O. Johnson, was conducted on Friday night police court session. Mrs. F. D. Rutledge, owner and manager of the Rutledge properties, had been summoned into court to show why she had not complied with notices to make sanitary and safety tenement repairs. When the case was called the defendant was not in court, so Judge Johnson declared her in contempt of court and directed Sanitary Policemen "Buddy" Willis to forthwith produce her in court, which he did after considerable search to locate her.

Willis, along with investigators from the Hotel Commission and State Board of Health have been working on the fire prevention and sanitary conditions for months, and had compiled a long history in connection with the various properties, accompanied with a collection of pictures, showing unbelievable conditions in the tenements, and it was on this work, that the court complaints were filed.

Inspector Willis informed the magistrate that while Mrs. Rutledge had started some small part of the work as ordered, she had not shown the proper spirit or inclination to install sanitary fixtures or repair buildings so that they would be fit for human habitation.

After an extensive hearing, Judge Johnson, informed the defendant in the case, that he would give her a week's time to have the repairs and installations in her property, as directed by the city and state board officers, or there would be immediate additional action taken against her. This was a preeminent order of the court.

The court gist of the evening presented a number of cases of assaults, cutting and carrying concealed weapons which brought out a half court room

of colored folk who came to the proceedings. Most of the offenders admitted their guilt, and drew substantial fines for their offenses.

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. Charles Boyd
have returned from a three
week visit among relatives at
Anniston, Ala.

Mr. and Mrs. Ray E. Green
of Clearwater visited her mother,
Mrs. Laura Crow, brother,
Avin B. Crow, and sister, Mrs.
E. M. Willis and their families
Saturday.

Mr. and Mrs. Ira Hall of Del-
aplaine, Arkansas are visiting
Mr. and Mrs. B. M. Fender, Mr.
and Mrs. Alfred Vauden, and
Mrs. E. M. Willis and their families
for six weeks.

Miss Ruth Barstow, Senior
Student Nurse at State University
of Iowa Hospital, Iowa City
arrived Tuesday for a month's
vacation at her home here.

Mrs. W. A. Tice has returned
from a month's visit among re-
latives at Brinson, Ga.

Mrs. Sylvia Goode and Rich-
ard Calber of Winchester, Va.,
were guests of Mrs. Mildred
Larriock at Lake Harbor Sun-
day. They are on a vacation
tour of Florida.

Tommy Mitchell of Sebring was
a recent guest of C. E. Crich-
field.

Mr. and Mrs. George A.
Thompson returned Friday with
Mark Challancin to visit their
daughters, Mrs. Mark Challancin
of South Bay and Mrs. Doug-
lass Mathews of Belle Glade
and their families. A third
daughter, Mrs. Fred J. Bridges
and family of Fort Pierce were
the week end guests of the
Thompsons and the Challancins.

Robert S. Roadman has re-
turned to Bradenton bringing
his mother, Mrs. R. R. Roadman,
to South Bay for a visit.

Mr. and Mrs. W. H. Thame
and daughter Margaret attend-
ed the covered dish luncheon
given together of the Experiment
Station Staff at the Station
Sunday.

Mr. and Mrs. P. D. Crich-
field of Sebring were the Sun-
day guests of their son and
daughter-in-law, Mr. and Mrs.
C. E. Crichfield.

J. W. Barnes of Sonoma Park,
Maryland, are house guests of
Mr. and Mrs. M. K. Wright at
Marlboro Ranch.

Mrs. J. A. Martin and daughter
Pearline of Florida, Ala. visited
Mrs. T. D. Dean in Belle Glade
the first of the week.

and daughter Cherry have re-
turned from a four day visit
with Mr. and Mrs. M. D. Hardy
in Miami.

Mr. and Mrs. W. F. Martin
and children of Bryant were
week end house guests of Mr.
and Mrs. O. H. Martin and family.

Mr. and Mrs. Lee Eckman
have as their house guests her
sister, Miss Lucretia Sisley,
two nieces, Mrs. Arthur Staub,
Mrs. Wm. Taylor and son John-
nie to Charleroi, Pa. and Mrs.
Littman of Uniontown, Pa.,
mother of Mrs. Harriet Sisley.

South Bay to Soon Entertain County PTA Convention

The South Bay Parent Teach-
er Association held a special
meeting Monday evening at the
school to make plans for the
purchase of a curtain for the
stage. It was agreed to pur-
chase a dark green velvet one
to harmonize with the walls.
A sum of money was also set
aside toward the purchase of
venetian blinds for the win-
dows in the auditorium.
Plans were also laid for the
entertainment of the Palm

Beach County Council of Par-
ents and Teachers which is to
meet here in February. Com-
mittees were appointed for ar-
ranging for and serving the
luncheon for the County Coun-
cil. A menu of typical ever-
glades products is planned.

Escaped Prisoner Driving Stolen Car Meets With Mis-haps

Allen R. Ransom, who was
in the Government prison at
Ft. Myers, some time late Sun-
day afternoon, made his escape
stole an automobile, and head-
ed his way toward Miami, but
never reached his destination.
While driving down the highway
near the Okaloosa Sugar mill
driveaway, his car got out from
under his control, and crashed
over on the side of the highway
and was badly damaged. Ran-
son was thrown many feet from
the car on the canal side of
the road, and was there found
in a seriously injured and un-
conscious condition.

Road Patrolman Sheffield
was called and took possession
of the car, and removed Ran-
son to the Belle Glade hospital
in a very critical condition, with
small hopes of recovery.

Prison officials at Ft. Myers
were notified of Ransom's con-
dition and location here in the
hospital, and his disposition will
be made by local officers to
officers from that place.

Ransom died at the hospital
on Tuesday morning. Record
shows that he was sent up
from this county for a house
robbery at Riviera Beach to
serve two years penal service.
He has relatives in West Palm
Beach and Westgate. The type
of shoes he wore was the tip
by which officers found out
that he was an escaped convict
from the state road camp in
Ft. Myers.

Florida Lions Will Send Three Bands For New Year Parade

The annual convention of the
Florida Lions Association will
be held in St. Petersburg, May
8-10, with headquarters at the
Princess Martha hotel. The
Belle Glade club will be enti-
tled to be represented by seven
voting members, and other mem-
bers who arrange to attend.

A District Governor council
session was held in Orlando,
last Sunday, with Herman
Close, Junior Harris and "Trou-
ble" Hardin in attendance from
the Belle Glade club. Plans
were made at this session for
the Florida delegation attend-
ing the National Convention in
New York in June. Florida is
to have a publicity program
and a produce display, along
with free citrus juice. It was
decided to raise funds for send-
ing the Leon High School, of
Tallahassee; Jackson High of
Miami; and the Sebring High
school bands to participate in
the annual Lions day parade.

At the meeting next week,
Induction ceremonies will be
conducted by Emmett Roberts,
district vice-president, for a
dozen or more new members.
W. P. Risk and daughter pre-
sented a colored film of pic-
tures taken in the flower fields
of the Perry-Jarvis Seed Com-
pany at Salinas, Cal. which
was most beautiful as well as
interesting.

Memorial for Dr. William J. Buck

The Belle Glade Rotary club
on last Friday, had Karl Lattone,
of the Industrial Fair crops,
who is managing the fair for
the Resource Committee this
year, as its guest speaker, but
out of respect to the memory
of the late Dr. William J. Buck,
first president of the club, the
program and speech was pos-
tponed to a later date.
Rev. Leonard Wanderwater
conducted a short memorial by
recited poems "Life" and "A
Binding Love" and closed with
a beautiful prayer.

Rams Handled Defeat By Boynton, Beach

The Belle Glade Golden Ram
quint was given quite a shock
at the high school gym, Tues-
day night, when it found the
Boynton Beach team playing
rings around them, and taking
a 36 to 23 victory home on their
scrap hook. The east coast team
did not attempt a flashy at-
tack but more of a studied one.

and it paid off for them. The
Bears were not able to break
up the floor work of the vic-
tories who had a good passing
combination. Lake Worth trim-
med Ft. Pierce 47 to 38 on their
own court, Tuesday night.

Burial Made at Venus

Funeral services were held
at the Venus cemetery on Sun-
day, for Neal Hendry, the 17
year old boy, who met his death
in a auto accident on the West
Palm Beach road, when his
motor vehicle ran into the rear
of a parked Wedgworth truck
near avenue E. The coroner's
jury in Judge Williams court
investigated the accident and
death, reported it an un-
avoidable accident.

Local School Teacher Sustains Injuries In Auto Collision

Miss Nettie McGee, a mem-
ber of the Belle Glade ele-
mentary school staff, was in-
jured in a auto collision in West
Palm Beach, Saturday, when
Oscar Roberts, negro, ran into
the car in which Miss McGee
was riding, and was arrested on
a drunk and driving charge.
Miss McGee was taken to the
Good Samaritan hospital, where
it was found that she

had sustained a fracture of the
upper left arm, lacerations and
abrasions of the left ankle and
multitude bruises about the
body.

New Lions Club Is Organized at Lantana

A new Lions Club has been
This list will be open until the
formed at Lantana with a char-
ter membership of 16, charter
presentation occasion.
Walter B. Currie and Dr.
Hicks were responsible for the
formation of the new club,
which is the first civic club to
be formed in the town. L. Ir-
ving Ashauer is the new pre-
sident and W. W. Easton, Sec-
retary-treasurer.
It will be attached to the
South district, of which Dr.
Hicks, of Lake Worth, is the
president.

DISTINGUISHED GUEST

Here's Elsie, the famous
Borden Cow, who will be a dis-
tinguished guest at the 1949
Florida State Fair in Tampa,
Feb. 1 to 12. With her will be
her popular young son, the bull
calf Beauregard. Look for Elsie
and her calf to be featured at the fair this
year.

Seniors Have Skip Day

Last Friday was a day looked forward to all year by the Seniors. It was skip day and they went to Greynold's Park near Miami. Everyone was up about daylight ready to go being there wasn't any school, otherwise they still wouldn't have been up. They were supposed to meet at the Methodist Church at eight thirty but it was about nine o'clock before they finally got away. They went in cars and got to the park about ten o'clock. Everyone explored around, took pictures for the annual, and just sat around until about eleven thirty and then most everyone went boat riding until about one. A picnic lunch was then enjoyed which the girls prepared and they furnished the drinks. After lunch most everyone went horse back riding and the others went out in the boats again. Several of the boys had to be back for the basketball game that night so they left early and the rest stayed and went to a show that night. All in all everyone had a swell time and it was better than any other day. Chaperones were: Mrs. W. H. Acree, Miss Sara Diggs, and Miss Jean Martin.

The cast for the Senior class play, "Night Must Fall," three act play by Ennys Williams has been chosen and is well under way. It is a murder mystery and takes place in Essex, England. The following cast has been chosen: Joanne Livingston as Mrs. Branson, a fussy discontented old lady of about fifty-five, old fashioned both in clothes and culture. Nothing ever seems to suit her. Maxine Schug, as Dora, who is a pretty, stupid, and rather stupid country girl of twenty, Lorelle Thomas, as Mrs. Terrence, who is the cook, middle-aged, Cock-

ney and fearless. Jerry Cone, as Dan, who is a handsome, young man and charms all the ladies, even fussy old Mrs. Branson. Judged Lloyd as Inspector Belaine, an incompetent man of fifty and very suave; Harry Doggett as Hubert Lewis, a hearty, mustached, pompous man of thirty-five. Betty Jean Pitts as Nurse Libby, a kindly matter-of-fact young north-country woman. Barbara Hayman as Oliver Grayne, a subdued young woman of twenty-eight, who wears her hair tied severely in a knot, and horn-rimmed glasses. Junior Walker, as the Chief Justice, who wears a red robe and a wig. The date for the play has not yet been set so watch for the date.

The Belle Glade Senior High School presented a program for the ABC (American Childhood Education) and the CTA (Classroom Teachers' Association) Saturday, January 19th. The program was composed of three numbers: The Russian Picnic, Good News, and One World. The Belle Glade Senior High School presented a program for the ABC (American Childhood Education) and the CTA (Classroom Teachers' Association) Saturday, January 19th. The program was composed of three numbers: The Russian Picnic, Good News, and One World.

Solistic Picked On Wrong Man To Make a Sale

A sales agent for a nylon stocking mending kit, called at a certain home, and had convinced the housewife she should have one of the kits. While she was hunting up money to pay, her husband arrived home and fell for the saleslady and paid for the kit. The husband asked the agent if he had secured a license to sell his wares in Belle Glade. He was told No. Where upon "Buddy" Willis, the kit inspector, escorted the visitor to the city building, where he left a deposit for appearance in police court. The agent took a has-

ty exit from the city for West Palm Beach, and forfeited his \$10 deposit.

Air Show and Hooey Drove Sunday Patrons From the Glades

The aerial show which was conducted at the Palm Beach County International field on Saturday and Sunday, featuring the opening of the county young north-country woman. Large crowds both days, especially on Sunday. Spectators saw what was claimed to be the best show ever staged in South Florida, even excelling the Miami shows.

Gregg Interiors was shown in the new jet planes, which were put through their entire program of stunts. The diamond flying by the four National Guard planes was the outstanding feature of the meet. The naked eye could hardly follow these planes as they sailed over the sky doing more than 600 miles an hour. A roar, a flash, and they were gone.

Kissimmee Valley Flood Projects To Run 35 Million

The project program under the Florida Flood Control will include some additional dig work about the big lake, which will include the building of an extension of the present dike from Lakeport to Moore Haven. To better protect that section, which is now open to flood waters.

The area known as the Fish-eating Creek sector, will get near a million dollar protection job, while \$1,800,000 will be spent in the Moore Haven and New-hall Drainage districts. To the Kissimmee valley improvement around \$35,000,000 will be expended, including \$10,000,000 in the Lake Istokopogie of Highlands County, where heavy losses were sustained the past year.

OBSERVATIONS

Continued from page 1

clean and sanitary, and just kept pressing on until his directions were followed.

Dr. Buck was a real "he" man, one who was popular with his fellow associates and fraternal circles, club and other activities. He was quite a generous giver to worthy causes, and many a man and woman have received his services for which no charge was ever rendered.

Yes, Dr. Buck, will be missed in more ways than one. For years he has been a staff member for the Pahokee and Belle Glade hospitals, and had thrown his influence in making them outstanding havens for the ill and wounded, where aid could be provided for those in need of such services. As a world war I veteran, he was one of the instigators and promoters of Everglades Post No. 20, of the American Legion, and was a charter member of the Country and Elks clubs, and the first president of the Belle Glade Rotary Club. His end came as he had wished and predicted that it would come, quietly as if in sleep.

A life long friend in speaking of his friend remarked: "Bill, was a jolly good fellow, hale and met, always with a gracious good morning to you of the day. He was friendly, and he had in turn friends by the legion. He never had a lasting grudge, or no selfish motive for personal aggrandizement. His impress upon the growth of our city has been deep and fruitful."

Reading of the statements of Glades banking houses, one gets the fact, that people of the region, are not yet entirely destitute and suppliants for charity. It also shows that all our people are not free spenders, but that a few are frugal and looking forward to the building up of their estates and the comforts of old age. It pays someone to look well to the future.

The producers of vegetable and other products seem to have a good claim to make protest against the ever increasing tariffs that are placed on them for transportation charges. While common carrier corporations are all in for grab rates to the limit, it means just that more difficult for the producers of the commodities which they handle, to make their way and still have a bit in the old sock. If these increases continue, and they seem always imminent, the gougers are going to find the hen that lays the golden egg as a missing quantity. Investors will just turn their interests into other channels.

The bean picking in the Glades coming six weeks will be pretty slim. Many of the colored help have already left the region and gone elsewhere to obtain employment.

The Lions promise something pretty nice and entertaining

when they stage the annual benefit next month, in the "Caber Beautiful". The dates are February 3 and 4 at the Everglades theater. Make a bet for yourself for either one of these nights. Net proceeds go for Lion club activities, much of which reaches charitable causes.

Four more Glades children are going to have better eyesight, the result of the Lions Sight Conservation program, as the past week they were taken into West Palm Beach and fitted with proper focal aid.

A former resident of Belle Glade who has been away for some years, came on a visit last week, and after he had had a good look over the town, remarked, "I can't believe and realize the great progress which the city has taken in the way of new business houses and places, and new homes that are now here."

People who attend the Resource Committee fair at Morrison field last year, found their visitation most profitable. The 1948 fair promises to be much better and finer than previously and its management looks for a much larger patronage this year.

Are you planning on taking in the Tampa State Fair? It is a most interesting place to visit. It is just about as big a fair as can be found in the southern state area. Space and attractions greatly enlarged this year.

Contractors busy on the dredging work on the St. Lucie canal have their work more than half completed. This is the first phase of the flood control project, carried on under a special appropriation from the Government. This canal when work is completed will be the main outlet from Lake Okechobee in flood periods.

One always regrets when calamity comes to any section of our nation, such as our state of California has sustained by cold weather. We in Florida are most thankful that the cold wave and heavy freeze did not reach us. This is once when Florida gains by another losses.

Two Mexican men were seated conversing about places to visit when one stated that Los Angeles was the only place to go. The other man wanted to know what was so fine about Los Angeles? Pietro gave this information. Oh, you just get off the train, a man places you in a cab and takes you to a fine hotel, where you get a fine room, flowers, and you are taken out to a club for entertainment, and then back to another hotel to spend the night, and it is all free. Pascal, then inquired of Pietro, if he had ever been to Los Angeles? His reply was, No, but my sister was.

Millard Caldwell is no longer Governor of Florida, but when he stepped out of that position after four years of occupancy, he went out with a fine record of achievement, equal to any other man who has held the position. The new Governor Fuller Warren has started off in a manner to maintain a business like administration, looking forward to the general over all benefit of the state.

He may be a man of promise and energy, as well as power to do and accomplish.

When the state gets the present stretch of public highway built across the parashie south of Brighton, there will be a fine highway running from Okechobee to Moore Haven, around the north and west sides of the lake, making a desired short cut between those terminals.

Building rock is again being scooped out of the city rock pit for further development of our present and new streets. A new street east of Tonnerville has been built and also one between the J. K. Baker residence and the industrial plants in the Braddock sub-division.

The lack of a tail light on a parked truck, caused the death of a fine young lad. When auto makers placed such lights, it was for a safety reason, and it takes little attention of drivers to see that such lights are displayed after dark, especially when parked on public highway territory.

The new shuffle board courts to be constructed at Paradise point, will cost the city around \$4000.00 under the Harry Ross bid.

Go out to the school auditorium on basketball night, and give the Rams the benefit of your presence and encouragement. You will be provided with some night good sport.

The management of the Belle Glades Farmer's Co-operative with L. L. Price, as the master of hospitality, certainly staged a fine party, which the 100

guests enjoyed. Co-op organizations in the Glades are becoming popular as there are such companies at Pahokee, Belle Glade and Seelye Bay, and all showing good returns in a business way.

The record of attendance of visitors at Silver Springs, one of Florida's great natural attractions, broke all records in 1948. The result of the Lions Davidson managed the resort for the past 25 years, and now have one of the greatest tourist attractions.

The sunflower growing in the windrows, are now in bloom, and their yellow flowers mingled with the green of the plant, sure makes an artistic picture. Then with the rows of beans coming up in various stages of growth, is an added touch to the beauty of it all.

The Belle Telephone the past week distributed to its Glades subscribers new telephone directories. The new dial system will go into service on the 22nd of the month, and subscribers who have the phones in will be calling their own numbers direct rather than call the operator for same.

Larry Rogers, of Kissimmee, is the new member named by Governor Fuller Warren to the State Game and Fresh Water Commission, to succeed Attorney Ellis Davis, of the same city. Rogers at present is the Mayor of Kissimmee, and was formerly county solicitor for Osceola county.

Watch the southwest portion of our city grow, when that new colored school is erected on West Avenue E. Already there has started a quite real estate boom, many colored people buying building lots for future home building.

Pahokee tax payers went down in their pockets, or will over the years, to provide funds for a modern hospital, and are pulling in a united manner to make it a success. Here in Belle Glade, we were given by a generous Government, a wonderful hospital, practically free.

EVANS de luxe HOME HEATERS

Provide clean, comfortable heat without work

Just light this little powerhouse... set the dial... and you get clean, even heat 24 hours a day. It uses low cost fuel oil and is lower in operating cost than any other type of oil-fired equipment. Easily installed in a few minutes. Available in three sizes. Terms, if desired.

...is selling nearly 3 times as fast as last year!

...it's economical, clean, safe! ... your dealer has plenty of latest models to fit every home and budget! ... it will take only minutes to end winter discomfort!

The management of the Belle Glades Farmer's Co-operative with L. L. Price, as the master of hospitality, certainly staged a fine party, which the 100

ly status or not may apply for this training. Those interested should contact Lt. Commander Thames at Naval Reserve drill quarters, Okeechobee Labor Supply Center on Monday nights or by phoning 613 XJ.

Naval Reserves To Make Winter Training Cruise

Information just received by Lt. Comdr. W. H. Thames, Local Representative of the Commandant, Sixth Naval District indicates that members of the Naval Reserve have an opportunity to take a twenty eight day training cruise in the Caribbean area on aircraft carriers and destroyers of the Atlantic Fleet.

Any member of the Naval Reserve, whether in an active du-

ty status or not may apply for this training. Those interested should contact Lt. Commander Thames at Naval Reserve drill quarters, Okeechobee Labor Supply Center on Monday nights or by phoning 613 XJ.

Fisherman Found Bass Ready to Take Lure

Bill Graber and a visitor from Ohio, Don Assey and G. Norris took a jaunt over to Observation Point on the south shore of the lake, last week, and found the black bass very ready to accept almost any kind of a lure which the anglers tendered for the feeding.

The quartet each hauled out 8 nice bass apiece, running from 1 1-2 to 7 pounds. Again Graber was the boy who got the big fish, which now leads the January list.

IN MEMORY

of our friend

Dr. William J. Buck

More words cannot express our sorrow for the passing of our friend, Dr. William J. Buck. He was a good man, a good doctor, and a good friend. He will be missed by all who knew him.

Chevrolet's 'Balanced Design' Adds Beauty and Comfort

Progressive streamlining of the 1949 Chevrolet is in line. Notable in the roomier, lower car is a balance emphasis in the view of the Styling De Luxe four in design that adds greater comfort and driving ease door sedan against a new Martin 202 passenger air— as well as smart appearance.

CHEVROLET
Continued from page 1
ous dimensions. The entire passenger compartment has been moved forward, lengthened, broadened and lowered, affording a pleasing balance in proportions. Rearwardly the front fenders have been absorbed into the body, their vertical planes built flush with the doors. Crowns of the fenders have also been raised to fit more snugly into the hood and low, clean ensemble of the grille. To add grace and protect body surfaces, a partial rear fender has been retained.

From the passenger's standpoint perhaps the chief improvement in bodies is the immense increase in glass area. All windows have been deepened and widened. The windshield takes full advantage of broader bodies, curving inward at the narrow pillars to improve side-way as well as forward vision. On comparable models the gain in visibility over 1948 has been as much as 30 percent.

Rear seat passengers are now cradled in the comfort zone between the front and rear axles. (Formerly passengers rode over the rear axle.) Lowering of the compartment has reduced the center of gravity of the car, resulting in greater stability on curves and at higher speeds. Further, the lowered floor and wider doors permit easier entrance and exit by passenger.

A new steering geometry will be found significant by drivers. Looking for a job with a real future? Then look into aviation! Here is an exciting, interesting career for you—work full of opportunities for training and education. Yes, today's best deal for the young man who wants to get into aviation is the new U. S. Air Force. You get good pay, right from the beginning. You can learn on the job, under experts who can't be topped anywhere. There are fine technical schools, where vacancies exist for qualified men. Ladies, too, can become members of WAF, the women's branch of the Air Force. Merit is the basis for advancement. Yes, here's really a life opportunity. Talk today to your Air Force Recruiter. He's at 325 First Street, West Palm Beach, Fla. Recruiting here's the name. Lawrence J. Genova, The educational features of training in the new Air Force have been so improved and happiness for thousands of ambitious men and women. You can open your own door to a secure future by getting on this great team. Yes, you can keep pace with the progress in aviation by enlisting now.

Special Dates Given For Function at the Tampa State Fair

The "days" of the annual Florida State Fair in Tampa, Feb. 1-12, have been designated, tentatively, by Manager F. T. Strider as follows:
Tuesday, Feb. 1—Auto Race day, Collier County Day.
Wednesday, Feb. 2—Wildlife Conservation day, Hillsborough County day, and Fish and Game day.
Thursday, Feb. 3—Auto thrill show day, Pasco County day, Livestock day.
Friday, Feb. 4—Children's day, Highlands County day.
Saturday, Feb. 5—Auto race day, Future Farmers of America day, Gadsden County day, Electrical Exposition day.
Monday, Feb. 7—Gasparilla day, Pinellas County day, Manatee County day.
Tuesday, Feb. 8—Governor's day, American Legion day, Marion County day, Indian River County day, auto thrill show (night performance) day.
Wednesday, Feb. 9—Individual exhibitor's day.
Thursday, Feb. 10—Polk County day, Shriners' day, Hernando County day.
Friday, Feb. 11—Volusia County day, thrill show day.
Saturday, Feb. 12—Grand Finale day, 4-H Club's day, auto race day.

Congressman Sikes

Planning for Old Age Pension Increases

Rep. Sikes (D. Fla.) said this week the liberalization of the Florida old age pension laws could do much to give the state a better program. In a letter to Governor Warren, Sikes called attention to the "forward step" which might be taken by the Florida legislature.

He wrote: "The basic welfare laws were, of course, federal and more than half of the funds for the program are provided by the Federal Government. Representatives of the federal security agencies helped to prepare most of the existing laws on this subject. But where the federal laws are reasonably flexible, the state laws are not. Indeed, most of them are perfect examples of the effects of bureaucracy on the loose. Yet it is through the state laws that the social welfare programs are actually administered."

"I submit that the aim of the welfare programs is to aid the recipients with as little red tape as possible and with the maximum of the taxpayers' dollar going to the people for whom the programs were designed."

He pointed out that the Federal Government appropriates a maximum of \$30 a month for each aged and blind person of which amount Florida matches only \$20.

Palm Beach County Game Club Suggests Game Law Changes

One of the new and progressive sportsmen's organizations is the Palm Beach County Sportsmen's Club, of which C. E. Hay is president. In conference with Game Commissioner J. W. Corbett, in relation to game laws changes and procedures, the club has no change in the bag limit for quail or dove; asks that hen turkey be included in the bag limit; and that the club be taken, eliminating the horn length requirement. A 45 day period for duck with a ten a day bag limit is favored, and an open season on jacksnipe.

The club will converge its activity in building up the new game preserve of 55,000 recently secured in Palm Beach and Martin counties; and will conduct a program of trapping quail from well populated areas, to other sections where quail are not found.

Odd Fellows Install Officers with Impressive Ceremonies

To feature the start off of the fourth full year of its establishment, Glades Lodge, No. 56, Independent Order of Odd Fellows, on the evening of January 13th, had visitation from nine visiting members from West Palm Beach lodge, No. 85, who came with District Deputy Grand Master, Cliff Counselman to assist him in the installation of lodge officers. The gathering was well attended and a most enjoyable event it proved to be, with a number of excellent talks during the good of the order period.

The new corps of officers, all being present for installation being: Noble Grand, Paul Davidson; vice-grand, R. P. Mackey; secretary, R. M. Hendry, Sr.; treasurer, H. J. Anderson, past Noble Grand, J. K. Baker, who served two terms as Noble Grand. Appointive officers, Supporters to the vice-grand, John M. Gledhill and Judson Pennington; Warden, J. H. McTaggart; Conductor, R. K. Barlow; chaplain, G. I. Evans; sentinel, O. W. Manning; scene supporters, R. J. Schroder and John Michael.

Deputy Counselman, during his official talk, presented the lodge with an emblematic "Bundle of Sticks" to be added to the lodge possessions.

The social hour was observed during which all had a fraternal hour while partaking of a sumptuous lunch.

Golden Rams Defeat Ft. Pierce Eagles

In a Close Game

Begins to look as if Belle Glade High has a pretty good basketball team this season, for out of four games they have won up three victories against one defeat, the latter coming at the hands of the outstanding Vero Beach team.

The social hour was observed during which all had a fraternal hour while partaking of a sumptuous lunch.

School Board Offers Land to City for Street-Width Use

While the City Commission held quite an extended session, last week, mostly in a consultation nature, several items of public interest were presented.

Mrs. Ruth Wedgworth, representing the County Board of Public Instruction, appeared before the Board, in relation to land matters connected with the negro school property, where a new elementary school is soon to be erected.

The county Board, by resolution, dedicated certain lands to the city, in view of it being used for street and extension of water lines for service to the school, as well as for other constructions, which will be erected in the area for homes and stores, which will need water service. The request was received and will be given study before a decision is made.

The bid of Harry Ross of \$4750 was accepted for the building of shuffle board courts in Paradise park, which is one of the items in the park improvement program, a feature for public entertainment.

Taxes: An Accounting Problem

Income is determined by accounting. So, accounting is at the root of income taxation.

Naturally, business has always turned to Certified Public Accountants for aid in preparing its income tax reports, and for assistance in settling disputed tax items with the government.

The government, too, welcomes the aid of CPAs in explaining to taxpayers the accounting requirements involved—as evidenced by the fact that the Treasury Department authorizes CPAs to represent clients in tax proceedings.

It is of great importance that you know the QUALIFICATIONS and INTEGRITY of the person to whom you entrust INTIMATE knowledge of your personal affairs or your business to be used in connection with the preparation of your income tax returns.

Interested readers may obtain the names of those persons who are authorized to practice public accounting by writing the Secretary, State Board of Accounting, Room 363, First National Bank Building, Miami, Florida.
